

Kids Sea Camp – 2010 Sea Life info

Adult – general info:

Capture the beauty of the underwater world with a free SeaLife Camera Demo. During the entire week of KSC, a SeaLife representative will be providing free demos for you to use on your dives. Along with the demos, photo clinics will be run to review your photos and teach basic photo shooting and editing techniques. At the end of the KSC week, all Sealife demo participants will receive free a Flash drive with all their photos as well as the best shots of the week.

Teen – Digital Underwater Photo Specialty

Join KSC and SeaLife for a week of underwater adventure. Participants in the PADI Digital Underwater Photography Specialty will receive the **Newest** model of SeaLife Digital Underwater camera for use during the course and to keep!

Seal Team

All Seal Team participants will receive a free SeaLife Mini II digital Camera, the latest 9MP Waterproof/Rugged camera from SeaLife.

questions for Grand Cayman weeks where SeaLife is sponsored – please respond to

"Joe Ifi" <Joeifi@pioneer-research.com>

Will you bringing your own U/W camera? If so what brand and model?
